

First Generation

1. **William Turnpenny** was born about 1800. He died before 1860 at the age of 60 in Shown as deceased on Davids marriage certificate.. In 1860 he was in Farmer - Shown on sons (David) marriage certificate - Deceased. In 1867 William was in Labourer - Shown on sons (David) marriage certificate. In 1876 he was in Farmer - Shown on sons (David) marriage certificate - Deceased. Shown as deceased on his sons marriage certificate in 1860.

I am sure this is William born in 1798 who married Hannah Plows in 1822 but the occupation do not tie in. Looking at the C1841 we can see that Jane Schofield was living next door to Samuel Turnpenny born in 1807 and Martha Limbert born 1800. William and Samuel were brothers therefore it is very likely that Williams children can round to Samuel's house hence David meet Jane Schofield. But cannot prove !
